CHURCH UPDATES

March 19, 2020

CHURCH GATHERINGS AND ACTIVITIES

We are in a very interesting time as we go through this current health crisis. With this in mind, we want to communicate to the church how we will approach Sunday services and other church gatherings as we go forward. Immediately, we will follow the recommendations of our President (10 or less people gathered) as it relates to this health crisis. This is for your protection, your family's protection and the protection of those you may come in contact within the community. It is our intent to follow this plan, at a minimum, until the end of the month. We will continually reassess our plan and keep you updated.

The Plan:

1. **All gatherings at the church are cancelled.**
2. **The Church office will remain open**, but please call instead of coming in if possible.
3. **We will still provide Ministry of Concern (MOC) with some modifications.** If you have a need, or are aware of someone who is, please contact the office. (882-1660)
4. **On site Sunday services are cancelled**, but [Facebook Live](#) will happen including music at 10:00AM. The video of the service will then be uploaded to the [GVNaz website](#) for additional viewing.
5. **Lights and heat will be cut back** as much as possible in the building.
6. **All Life Groups are encouraged to meet in homes if you are comfortable with it.** But please use good common sense and follow the guidelines laid out by the Administration including 10 or less people, appropriate social distancing, proper hygiene and those most vulnerable staying home.

Please pray for your pastors, staff and board members as we are trying to make good, quick decisions with rapidly changing information. We so need your prayers.

You are loved and appreciated.
Pastor Ron
